

EXPECTED NEW MOON VISIBILITY IN JERUSALEM 2026 TO 2030

Based upon scientific research reflected in sources like *Virtual Moon Atlas*, *Stellarium* Opensource Software, the *HM Nautical Almanac Office*, as well as the authoritative book by B.D. Yallop, *A method for predicting the First Sighting of New Moon* (1998).

(VISIBILITY KEY: Yes = Quite Certain; -1 = Not 100% certain, with a small possibility of the new moon being visible One Day Earlier; +1 = Not 100% certain, with a small possibility of the new moon being visible One Day Later)
